PLANTS FOR SHADY PLACES.

Few plants will thrive in complete shade, but in partial or light shade where there is sun during a few hours these varieties will often do well. Masses of bloom cannot be expected but good foliage and some bloom will give good effect. Many of these are native wild plants.

Varieties not priced are 40¢ each, \$1.05 for 3, and \$1.63 for 5, of the same variety. Add 20% for postage.

AJUGA GENEVENSIS ROSEA. Pink.

" REPTANS ATROPURPUREA. Bronzeleaf Bugle. Blue.
